

# ALABAMA MEDICAID AGENCY

## Dispense as Written (DAW) Code 9

### Medication List

In cases of cost-effectiveness, the Alabama Medicaid Agency sometimes allows for reimbursement of certain brand named medications while requiring prior authorization for the generic alternative. In these cases, a Dispense as Written (DAW) code of 9 must be utilized when dispensing the preferred brand named medication. A DAW Code of 9 indicates that substitution is allowed by the prescriber but Alabama Medicaid requests the brand product be dispensed. **The list is subject to change.** For additional PDL and coverage information, visit our drug look-up site at <https://www.medicaid.alabamaservices.org/ALPortal/NDC%20Look%20Up/tabId/39/Default.aspx>.

Preferred Brand	Non-preferred Generic
